Subject: You're invited: Congressional Broadband Tour in Montana this August

The pandemic has highlighted the importance of broadband in rural communities. Want to better understand how federal broadband programs like the FCC's Universal Service Fund or the USDA's ReConnect Program impact community-based broadband providers and rural Americans? Join the Foundation for Rural Service as we explore the rugged, historic beauty of Montana and learn about the significance of rural broadband in supporting education, health, commerce, and public safety.

The tour will start and end in Bozeman and include visits to rural broadband providers, construction areas for fiber deployment, broadband-enabled farms and ranches, telehealth facilities, and opportunities to learn about a wide variety of rural broadband issues in one of the most beautiful and scenic areas of the country.

This trip will comply with all House and Senate ethics rules on privately-sponsored travel for Hill staff. We will also follow all local, state, and federal CoVid-19 safety guidelines.

FINAL

FRS Congressional Broadband Tour – Montana August 17-20, 2021

The Foundation for Rural Service (FRS) is a 501c3 non-profit dedicated to enhancing quality of life in America by promoting a better understanding of rural issues. The vision of FRS is to harness the power of the rural communications industry to enrich lives in America.

The purpose of this trip is to educate Hill staff on the geographic and financial challenges of providing robust broadband service to remote rural areas, as well as to highlight the role rural telecom companies play in providing these essential services that support education, commercial activity, agriculture, health, and public safety. Attendees will visit with a range of small, rural telecommunications companies in Montana as well as companies that provide essential services to these companies. The group will also visit with rural community leaders and discuss ways in which the state has been enhanced by broadband applications. Drive times through Montana will give FRS staff an opportunity to provide educational sessions on the bus, as well as illustrate the difficulty of serving “last mile” areas in a highly rural state.

Per the Ethics rules, no registered lobbyists will attend this trip. All expenses will be paid in full by the Foundation for Rural Service (FRS) and will be subject to the daily per diem allowances for Senate and House employees—in other words, all meals, lodging and transportation for staffers will be covered by FRS within these allowance rates.
